CORTELYOU WITH TAFT.

Treasury Official Would Take Second Place.

He Will not Declare Himself as Candidate.

Secretary Regards the Honor a Great One.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Feb. 25.—[Exclusive Dispatch.] Secretary Cortelyou will accept the nomination as the Vice-Presidential candidate if it is offered to him, but he will not declare himself a candidate.

Mr. Cortelyou has not given up hope of being the nominee of his party for the first place on the ticket, but he is now convinced that his chances of securing it are small.

When Frank Hitchcock mounted the Taft band wagon the chances of the Secretary of the Treasury diminished to such an extent that it became apparent to him and his friends that unless Secretary Taft is bowed out of the race Mr. Cortelyou stands little if any chance of being elected as the Republican standard-bearer.

But he is popular throughout the country, he has made good in every official position he has held and he is regarded highly. As the Vice-Presidential candidate he would add strength to the ticket. When discussing this question with a close friend, Secretary Cortelyou was asked the direct question as to whether he would accept the nomination for the second place.

"That is a question which it is improper for me to discuss," he replied. "But it is such a high honor that there is no man in the country who could afford to decline it."

IGNORE TAFT AND ROOSEVELT. INDONESIAN FORAKER.

(BY THE ASSOCIATED PRESS—A.M.)

XENIA (O.) Feb. 25.—Ignoring both Taft and President Roosevelt, Foraker, Republican of the Sixth Congressional District met here today and named delegates to the Chicago convention and named resolutions for the party platform.

The afternoon session in the Loveland convention nominated Jesse Taylor for Congress and selected H. M. Brown and Charles Q. Hildebrand as delegates to the national convention at Chicago, instructing them for Taft.

UNBOOMS HIMSELF. Gov. Hughes Has a Heart-to-Heart Talk With the New York City Club.

(BY THE ASSOCIATED PRESS—P.M.)

NEW YORK, Feb. 25.—Gov. Hughes had a heart-to-heart talk with 300 members of the City Club, whose guest he was at dinner tonight.

Breaking through his usual reserve, the Governor touched on his relation to the State, his feelings toward it with impressive solemnity, evoked cordial applause and responses on the part of others that amounted to a personal tribute.

Along with Gov. Folk of Missouri, Gov. Hughes had accepted an invitation to take part in a discussion before the club on the subject of the City and State. "When he arrived at the banquet hall he received an ovation that apparently touched him deeply. Responding to the toast, he said: "I want to thank you gentlemen, from the bottom of my heart for this token of your good will. A man in office feels lonely at all times. He won't believe in any leadership. It is the hardest thing in the world to be a public official and not become a cynic. "I am a party man, and I am a party Governor, and I have no sympathy with the idea that the parties depend for their success upon the blind following of any leadership."

"I believe in party organization because it is an effective means of standing for certain commonly accepted principles. I believe in party leadership because it is the only means through which an organization can express itself effectively; but I believe in making the party appeal to the people upon the basis of principles and putting up candidates who will stand the test of the closest scrutiny and I believe it to be the best for the people if every candidate for office, and I also believe within the party in the utmost freedom."

"Nothing can be more mistaken than to try to protect a party against itself. That is the mistake in trying to protect the people against themselves. That results logically in despotism somewhere, and we might as well give up our forms of government."

"Now, I believe most thoroughly in this: That in a country like ours where everything depends upon wisdom, the discrimination, the honesty of the electorate, you cannot have good government at the top unless generally you have good government at the bottom. You cannot expect that by some means you will have superiority in the government that is remote while in the government that is close to the people you have no superiority. You must own your own interests are neglected, and the first consideration of every American citizen should be to see that the government in his own district is right, the government in his own city is right, the government in his own State is right, not neglecting that the government of his nation should be what he and his fellow-citizens are entitled to have it."

POLITICAL BRIEFS.

Holds Second Primaries. NEW ORLEANS, Feb. 25.—The second primary to decide upon Democratic candidates for State officers was held in Louisiana today. The primary offices for which the primary is held are Lieutenant-Governor, Auditor and Attorney-General. For the Lieutenant-Governorship, the candidates are J. J. Bailey and Postmaster E. L. Lamborn; for Auditor, Paul Capdeville and W. S. Frasse; and for Attorney-General, Walter Guion and J. Y. Cooney. The primary left these and a number of minor offices undecided.

California Populists to Meet. SAN FRANCISCO, Feb. 25.—The Populists of California will meet in conference at the White Palace Hotel, San Francisco, on Friday, March 27, at 2 p.m. for the purpose of nominating twenty delegates to attend the National People's Party Convention at St. Louis, which will convene on April 4, and to transact such other business as may come before the conference.

PATRIOT'S AEROPLANE BUILT FOR AMERICA ALONE.

James F. Scott, Inventor, who has closed contract with United States government for a \$10,000 flying machine designed by him after years of experimenting, and who believes that within five years regular schedules in air will be carried out.

CHICAGO, Feb. 25.—[Exclusive Dispatch.] James F. Scott, to whom the government has awarded a \$10,000 contract for an aeroplane, says that within five years the development of flying apparatus will have gone so far that the aeroplane ships, carrying crews of twenty to thirty men, will be making regular flights of 2000 miles at a clip. He looks for progress to be made similar to that with the automobile, which has reached its present state of perfection within a decade.

Mr. Scott is a scenic artist 35 years old. He is an interesting talker and evidently a man of considerable erudition, although he has had little schooling. He is intensely interested in the subject of aerial navigation, has decided ideas as to how a patriotic American's knowledge and studies and investigations in any line of scientific endeavor should be used freely and unreservedly for the use of his government—and for the advantage of the people—and is firmly convinced that the need for all naval strength will be entirely done away with when aerial navigation, by aeroplanes, shall have been perfected. The possibility of building a fleet of air craft which can destroy the mightiest leviathan of the sea by dropping explosives he regards as sure in time not only to revolutionize all warfare, but absolutely to do away with it.

"I was born in Clinton, Iowa, forty-five years ago," said Mr. Scott, as he sat in his modest home, No. 473 South Rockwell street. "At 15 I was determined to do something of my own, and I came to Chicago, which has been my home, though with frequent breaks, ever since."

"As a young man I was attracted to art, and I did a good deal of portrait painting. I also decorated the interiors of many Chicago residences. Later in life I took up scenic painting, and the work upon theatrical scenery has taken me to many parts of the country. "But all these years I have devoted most of my time to my aeroplanes. I have made money in scenic painting, but it has been a means to the end of supporting my wife and two children, while I devoted my thought to aerial navigation."

PITH OF NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Feb. 25.—[Exclusive Dispatch.] Chicago has no more troubles, which seem to have originated in the north and southwest. The rain blew from the southwest, and the snow followed from the other direction. The weather man forecasts colder weather, so a threatened flood from the melting snow and falling rain may be postponed. Today's maximum temperature was 40 degrees, and the minimum 24 degrees above.

GRAIN EXCHANGE OUT.

WINNIPEG (Man.) Feb. 25.—[Exclusive Dispatch.] For all practical purposes the Grain Exchange here has ceased to exist. This event is the sequel of drastic legislation by the Roblin government, which, by striking out the charter provision fixing the commission on deal, is allowing the commission to be cut down to the lowest possible fraction, thus forcing the commission men out of business.

MINISTERS STRIKE.

JANESVILLE (Wis.) Feb. 25.—[Exclusive Dispatch.] Every minister and undertaker in the city of Janesville has signed an agreement not to officiate at any more Sunday funerals. They claim that the day is one of rest and the burial of the dead must be made on week days.

GOES MAD ON ENGINE.

STERLING (Ill.) Feb. 25.—[Exclusive Dispatch.] A gibbering maniac mocked at the train crew at Morrison from the cab of train No. 125, loaded with passengers, when the general was given to start tonight, then he threw the throttle wide open. With a roar and a bound the engine rocked over the open switches that lead out of the yard. Not until the train had run several hundred yards was it brought to a stop by a white-faced fireman who closed the levers. Meanwhile the engineer, who had been stricken suddenly insane, sat in the cab and shrieked with laughter until overpowered by train officers. He was sent to the hospital.

TWO MUCH RELIGION.

DETROIT (Mich.) Feb. 25.—[Exclusive Dispatch.] Because her husband "got religion" to such an extent that he spent practically all his waking hours in prayer, Mrs. Rachel Barrett was today granted a divorce from Isaac Barrett in the Wayne County Circuit Court.

LOSER DIES OF DRINK.

BLOOMINGTON (Ill.) Feb. 25.—[Exclusive Dispatch.] After selling a lottery ticket worth \$15,000, for \$1, believing it valueless, Arnold Vanderhelen discovered his mistake. Filled with poignant, but unavailing regrets, when he learned that he had missed the opportunity of exchanging poverty for comparative affluence, Vanderhelen took to drink and today died in the County Poorhouse. The friend who bought the ticket from Vanderhelen now lives in prosperity on the prize money.

OUTRAGE OF UNIONITES.

Try to Prevent Funeral of a Non-union Miner.

Will not Let Body Be Taken Into the Church.

Had Just Allowed Peaceful Burial of Union Man.

(BY THE ASSOCIATED PRESS—P.M.)

SEATTLE (Wash.) Feb. 25.—A cable special to the Post-Intelligencer from Juneau says: Two Servians, mine union and the other non-union, died yesterday, and the burial of one almost precipitated a riot, in which the police were called on to restore order.

The union man was buried peacefully, but when the priest in charge of the funeral services attempted to say mass for the non-union miner, he found the church door locked. A mob of 200 non-union Slavonians requested the priest to refuse to bury the non-unionist. The priest declined to heed the demands of the Slavs, who refused, in turn, by force, to permit the body of the non-union miner to be taken into the church.

The disturbers attempted to stop the service by holding at the horses' bridles, and succeeded in dragging a number of men away from the funeral procession.

The marshal attempted to restore order, but the crowd followed the remains to the cemetery, and made another disturbance there. Order was finally restored. No one was injured.

COAL MEN TO CONFER.

Operators and Miners to Meet at Indianapolis Today to Discuss Renewal of Agreement.

PITTSBURGH, Feb. 24.—For the purpose of discussing the proposed renewal of the interstate agreement, the general committee of the Pittsburgh district coal operators left today for Indianapolis, where a joint meeting of operators and miners will be held tomorrow.

The outcome of the conference depends upon the demands of the Pittsburgh operators, and anxiously awaited by operators, miners and manufacturers. Should the agreement be renewed, arrangements will be made immediately for a joint wage conference at either Chicago or Detroit.

OLD ROW SETTLED.

AFFECTS BREWERY WORKERS.

COLUMBUS (O.) Feb. 25.—George Girard, secretary of the local organization of United Brewery Workers of America, has received word that the charter of the national organization has been restored without restriction, under the terms on which it was granted in 1935.

This means substantially that the American Federation of Labor will have jurisdiction over the brewmen and engineers employed in breweries and recognized the same as being held by the United Brewery Workers.

ENGINEERS STILL OUT.

No Change in the Situation Between Them and the Ship Owners.

SAN FRANCISCO, Feb. 25.—Today saw no change in the situation between the marine engineers and the steam schooner owners. The Brunswick arrived from Port Hager and her two assistant engineers resigned as soon as she had docked. She will be laid off as soon as her cargo is landed. The Mayfair and the Higgins also arrived and will be docked. The Lindor, owned by the Wilbur Lumber Company, arrived late Monday night, and will be withdrawn from the traffic.

A meeting of the marine engineers was held last night, but the group was not brought up for discussion. Apparently the engineers are resolved to stand out as long as the ship owners' statement was given out by the ship

owners committee today to the effect that no effort was being made to induce independent concerns to come in. "No pressure is being brought to bear on these firms," said Secretary Sullivan of the committee. "If they want to come in with us we shall be glad to have them sign, but if not, we shall not try to force them to it."

THE OPEN DOOR.

WANTS GERMANY TO ACT WITH US.

CHINA LAYS HER CASE BEFORE THE FOREIGN OFFICE.

Avers That Japan is Discriminating in Favor of Her Own Merchants in Manchuria and Asks the Kaiser's Government to Co-operate With Us in Opposition.

(BY THE ASSOCIATED PRESS—A.M.)

BERLIN, Feb. 25.—Sun-Pao-Ki, the Chinese Minister at Berlin, received instructions some weeks ago from Peking to discuss with the German Foreign Office the Japanese treatment of trade in Manchuria and to broach the possibility of the United States and Germany entering into a special agreement covering the maintenance of equal trade opportunities in all the Chinese territories.

Sun-Pao-Ki communicated his instructions to the Foreign Office and discussed the subject in the most general terms, the Foreign Office receiving his suggestion in a courteous but inquiring but noncommittal manner.

It presumably has corresponded with the German Embassy at Washington and the legation at Peking as to the extent of the Chinese proposal, and what was thought of it in Washington it is understood the Chinese Minister has received identical instructions, and has laid them before the State Department.

China's idea of a special agreement between the United States and Germany appears to rest in the belief that these two alone of the great commercial states would be likely seriously to oppose Japan's disposition, as China avers, of the Manchurian market in favor of her own merchants.

China's appeal has raised the question both at the Foreign Office here and at the State Department in Washington as to whether such an agreement as China proposes would not be superfluous and its object not already fully accomplished by the existing situation. It is considered probable that the recent telegram from Washington saying that President Roosevelt was sending a circular to the powers regarding the Chinese trade is a direct consequence of the question brought out by the application of the Chinese government to Germany and the Chinese Minister in Washington.

AWAITING WU'S ACTION.

WASHINGTON, Feb. 25.—Chinese diplomatic activity in the European capitals and cable news of the calling of conferences of the great viceroys and provincial governors in Manchuria, and the putting of the Japanese between China and Japan on the one hand and China on the other hand, have led the State Department to expect the delivery by Mr. Wu, the newly appointed Chinese Minister, of some special message on this important subject.

As already stated in these dispatches, there is nothing tangible before the State Department, which would serve as a basis of representation to Japan on this subject beyond the protests of American textile manufacturers and exporters against the serious blow which has been administered to the members of the Japanese administration of the railroads in Manchuria. But there has been much unofficial talk both on the part of the State Department and on the part of the members of the Japanese administration, which should be in the course of a fortnight.

### Wakes up Alaska Claim and Strikes It Rich.

#### Returns and Secures 'Affidavit of Pardon.'

#### Now Going North to Work Claim Together.

(BY DIRECT WIRE TO THE TIMES.)

TACOMA, Feb. 25.—(Exclusive Dispatch.) Probably no happier bride ever passed through Tacoma than the bride who was married last evening at the wedding party where Mrs. and Miss A. Martin, who were here today from childhood and live in Lincoln, every year on St. Valentine's day exchanged valences, and were asked to make that their wedding day. Last summer Martin lost his position on the railroad, and soon became penniless. He saw an easy thing to do in the "paddock" game, and was in and out of jail for a long time. The police captured him and sent him to the penitentiary, where he was sentenced to five years in the penitentiary.

To earn money, Miss Anderson began to look for a party of Alaska prospectors, which located claims last summer on a newly-discovered creek near Tacoma. The girl took one, and almost rich, here especially. She remained as cook, and went straight to the governor's office in Lincoln, bearing with her the affidavit of pardon, which she had secured from the governor's office. Martin was signed on St. Valentine's eve. Martin was here, and he was in the city of Seattle, where the wedding took place last week.

Mrs. and Mr. Martin will return to Tacoma, and together work her claim.

### JAPS ARE EXCLUDED.

Refuses at Sausalito Refuse to Admit to School Any Brown Men Over Twenty-one Years Old.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, Feb. 25.—(Exclusive Dispatch.) Japanese trustees in Sausalito acted upon the Japanese exclusion question yesterday in so far as that problem was concerned, and decided that it was unlawful for children over school age should have the privileges of the Sausalito schools. The trouble arose over a Japanese boy, ten years old, named Sung H. Cho, who was engaged in the capacity of servant in the home of a white family, and was attending the primary school by attending the primary school. His application for admission to the principal, he was refused on the ground that he was over school age.

The employer, an attorney, thereupon threatened to take the matter into his own hands, but he was over school age. He prepared for the attack the school trustees held a meeting yesterday afternoon, and decided that it was unlawful for any person over school age to attend the school. This excluded not only the boy, but also the attorney, who had spied at their books when he had through the door of the primary school.

It is expected that a formal demand will be made for admission this morning by the Cho's attorney.

### CRIMINAL LIBEL CHARGED.

Rapid Progress Made in Enactment of Jury to Try Crothers and Older.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, Feb. 25.—(Exclusive Dispatch.) The enactment of a jury for the trial of E. Crothers, proprietor, and Francis S. Tevis, president of the Bay Cities Water Company, morning before last, began yesterday morning, sitting for Judge Frank E. Williams in Department Six of the Superior Court. The trial began at 10 a. m. until 10 o'clock tomorrow morning, the prosecution had exercised all of its peremptory challenges, and to defend the allegation that the water was to receive \$1,900,000 for the water.

The article on which the charge was made was published in January, 1910, in the Bay Cities Water Company, which is one of the wealthiest newspapers in the city. The article was written by ex-Mayor Schmitz and Abe Ruef, and was published in the Bay Cities Water Company.

The complaint charging Crothers and Tevis with criminal libel was sworn out by R. E. Troy, an attorney at law, who, however, has declared that he is not making the case a matter. The matter grew out of the graft prosecution in which O'Connell, Crothers, and Tevis were indicted by the grand jury.

### CUT SHINGLE PRICES.

Female Brokers Apply the Knife to the Shingle Industry. Action is Followed by Panicky Feeling.

(BY DIRECT WIRE TO THE TIMES.)

ATTLE, (Wash.) Feb. 25.—(Exclusive Dispatch.) At a secret meeting of female shingle brokers today in the Lumber Exchange building, it was decided to cut the shingle market by the shingle makers agreeing to cut the price of shingles to the manufacturers as follows:

100,000, present price, \$1.50; new price, \$1.40 per thousand.
100,000, present price, \$1.50; new price, \$1.40 per thousand.
100,000, present price, \$1.50; new price, \$1.40 per thousand.

The shingle makers interested control nearly 90 per cent. of the output. They deny the existence of a conspiracy of trade, and assert that the action of the shingle makers is purely a matter of business.

The shingle makers were cut by a panic among manufacturers, as the shingle makers were below the cost of production. It is expected that the shingle makers will compel the manufacturers to close their plants until the shingle makers are satisfied.

Woodbridge Canal Case.  
[BY DIRECT WIRE TO THE TIMES.]  
STOCKTON, Feb. 25.—[Exclusive  
Dispatch.] A large number of creditors  
of the old Woodbridge Canal and Irrigation  
company will lose heavily un-  
der a United States Supreme Court de-  
cision, which reverses the decision of  
the State Supreme Court, and declares  
the Atlantic Trust Company does not  
have to pay for the expenditures of  
receiver, Edgar C. Chapman, who  
ordered material, supplies, and is re-  
sued certificates in payment for the  
same.

The business men of Wood-  
bridge had accepted the scrip as a small  
discount, believing it was good, but  
they will lose all they paid for it. A  
strong protest has been made, but the  
decision of the United States Supreme  
Court has been made to suffer for the act  
of a trust company, which purchased  
the old company.

The decision of the United States

Robbi Nieto, With Counsel, Appears  
in Court and Executes and Swears  
to an Affidavit—Judge Lawlor  
Rules Against Oral Testimony and  
Ruef's Attorney Executes.

[BY THE ASSOCIATED PRESS.—P.M.]  
SAN FRANCISCO, Feb. 25.—At the  
request of Heney, Superior Judge Law-  
lor gave the prosecution until Friday  
morning at 10 o'clock to file affidavits  
in the counter-showing to the motion  
of Robbi Nieto, Ruef for the vacation of  
his arraignment.

Heney stated that he had been in at-  
tendance upon a sick relative, and later  
made the funeral arrangements, and  
that he had not the time to prepare his  
own affidavit, but that the other  
members of the prosecution.

After the court had advised him that  
it was perfectly proper for him to do  
so, to which was added the statement  
of the prosecuting attorney, that he  
was willing to call on the witnesses  
that the interests of justice demanded  
it. Dr. Jacob Nieto this morning made  
and swore to an affidavit in court. Dr.  
Nieto appeared in court with an attorney  
and was sworn to the same position.  
Dr. Nieto, that he did not  
wish to appear as a voluntary witness  
for either side.

Mr. Wallace A. Wise, Nieto's attor-  
ney, also replied to some alleged re-  
marks of the prosecuting attorney, and  
phys. associate counsel for Ruef, who  
was reported to have said that Wise  
by his advice to Nieto had shown him-  
self to not "be fit to practice law." Heney  
asked Ruef to call on the witnesses  
tempted to call of J. Burns, special  
agent for the prosecution to the wit-  
ness stand, to which Heney objected,  
saying that Burns would make an af-  
firmation of the same.

"We will insist upon our right to call  
Mr. Burns to the stand and interrogate  
him," declared Ach.

"The court will not, at this juncture  
entertain oral testimony," ruled Judge  
Lawlor.

"To which the defense takes an ex-  
ception," replied Ach. "and let the re-  
cord also show that the defense at  
times asked Ruef to call on the stand  
J. Henry, William J. Langdon, Rufus  
Spreckels, W. J. Burns, James  
L. Gallagher and Andrew M. Wilson  
and that they refused to permit  
them to be called."

Lawlor intimated that he would con-  
sider the matter of oral testimony af-  
ter the defense had made its counter-  
showing.

"And may we have the affidavit this  
morning that you honor promises—  
un," asked Ach. of the court.

"I understood you to say that it  
would be satisfactory if I made that  
affidavit, but you said that the wit-  
nesses is in," replied Judge Lawlor.

"Very well," said Ach. with a smile.  
Ex-Mayor James D. Phelan was  
among those present in court this  
morning.

settled last night, the testator bequeathed  
in the Superior Court to the bequest  
of more than \$150,000 was made to es-  
tablish an asylum for orphans of King  
county.

The will provides that the estate  
shall be appraised and sold, and his  
half of the proceeds of the sale to be  
the erection of an asylum on the ranch  
which the aged pioneer occupied more  
than fifty years.

The bequest made by Jeffs will be  
greatly increased on the death of his  
half sister, who is a full-blooded In-

[BY DIRECT WIRE TO THE TIMES.]  
SAN FRANCISCO, Feb. 25.—[Exclusive  
Dispatch.] Mail advice from  
Honolulu, dated February 13, says:  
It became known here today that  
the United States army transport  
Buford sailed Saturday for Guam dan-  
gerously overladen. The vessel re-  
mained here three days. It is learned  
because Quartermaster-Captain Creamer  
tried to secure from the War Depart-  
ment at Washington permission to be  
carried by her troops there to be re-  
lieved by the transport.

In addition to her troops the transport  
from overcrowding in tropical waters,  
and inconvenience to cabin passengers,  
there was positive danger, as the ves-  
sel had no sufficient boats or life rafts  
to accommodate all those on board.  
Urgent cable messages were sent to  
the War Department, but permission  
was refused.

**San Francisco Officials Devise Plan to Raise Quarantine Established by South American Countries.**

[BY THE ASSOCIATED PRESS.]

**SAN FRANCISCO, Feb. 25.**—Dr. M. Rupert Blue of the Federal Marine Hospital service and Dr. Martin Regensberger of the State Board of Health today held a conference with the State Board of Health to determine measures for lifting the partial quarantine raised against this city by countries of Central and South America.

For some time past Mexico, Ecuador and other countries south of us have placed an embargo on shipments of flour and foodstuffs from this port and the consequent loss to large shipper has been considerable. It is proposed to water down the rat-proof dock on the wharf where grain and foodstuffs may be brought, storing them in the open air, thus preventing becoming infested with infected rats. This will remove the objection raised and the South American countries will be urged to withdraw their quarantine.

At a meeting of the board of health this morning, the Health Committee today, Dr. Maude, Japanese banker representing the Japanese Consul promised cooperation in the work of improving the city's sanitary conditions.

**Canadian Steamship Held in Quarantine Awaiting Instructions from Head Officer.**

[BY THE ASSOCIATED PRESS—P.M.]

**VICTORIA (B. C.) Feb. 25.**—The steamer Montague, which reached William Head Quarantine Station this morning, has been detained in quarantine subject to instructions from Dr. Montisambert, head of the dominion quarantine at Ottawa, who has been telegraphed for instructions.

The Montague put back to Yokohama after leaving Japanese banks and a steerage passenger suffering from smallpox and after being fumigated sailed again February 22. Five days later the steamer was in quarantine, and as the quarantine period is eighteen days, Dr. Watt has wired for instructions. All are well on board and it is not expected the steamer will be held.

The Montague has 230 Hindus on board, and has been quarantined and ordered deported by the immigration officers under the regulation providing that immigrants must come direct from India. The immigration officials will prevent their landing under the Natal act, which the court has upheld. The Japanese consul, the Japanese, owing Japan treaty rights, is opposing the deportation.

**RENO (Nev.) Feb. 25.**—[Exclusive Dispatch.]—That he was no native family, with the English language, signing an agreement, which caused him to suffer the loss of \$76,000, C. F. Kloster, a German mining promoter, filed suit against Dr. Charles Moore of Stanford University.

In the complaint Kloster sets forth that he entered an agreement with Moore by which the latter was to purchase some mining property owned by Kloster, and that he was misled by the inclusion of his verbal agreement in the articles, Kloster claims a clause of ordinance, by which Moore was allowed to escape carrying out his contract, thus inflicting the loss upon Kloster.

Charles L. Lewers, formerly in the law department of the Stanford University has taken Kloster's case, and on this unique plea claims to have a good case for his client. The property in question is located on the banks of the Truckee River, east of Reno, in this county.

### BRITISH WAR ESTIMATES.

Amount Called for Is \$3,000,000 Greater Than Last Year—Little Hope of Its Reduction.

[BY THE ASSOCIATED PRESS—P.M.] LONDON, Feb. 24.—The estimates for the British defense forces for the current year, which have been issued, will disappoint the peace party, for instead of showing a reduction, as they had hoped for, the combined estimates for the army and navy show an increase of \$2,000,000 without apparently any prospect of considerable diminution in the future.

Lord Tweedmouth, First Lord of the Admiralty, explains outright that the future programme of Great Britain will depend upon whether foreign powers increase their naval forces, since the government has every intention of maintaining the standard of the British navy which has hitherto been deemed necessary for the safeguarding of imperial interests.

The War Secretary says in a similar manner regarding the army: "Looking to the future, I am convinced it is impossible to make further diminutions in the army expenditures on a considerable scale unless we first reduce the number of troops serving abroad."

"Garrisons abroad will be reduced whenever that can safely be done, but an assignment to Charles G. Dobbs. The business is an old one, having been established more than forty years ago. It is estimated that the liabilities are between \$120,000 and \$200,000.

LAREDO (Tex.) Feb. 25.—Thirty persons are reported to have been injured in the partial derailment of an excursion train carrying a number of north-tourists at Orville, twelve miles north of Laredo. The Pullman coaches remained on the rails.

The excursionists most of whom were from Toledo, O., were traveling under the direction of Charles Gales of Toledo.

In addition to the Toledo people on the wrecked train there were a number of passengers from Chicago and San Antonio. They had planned to make a tour through Mexico.

The derailment is said to have been caused by a broken axle on the locomotive.

ADJUTANT-GENERAL PLEADED.  
Gen. Lauck, the Adjutant-General,  
goes back to Sacramento today. He  
said last night:  
"All the companies down here have  
done well. There are a few in the  
north that did not come up to the  
standard, and will probably be mustered  
out. Other companies will take  
their places."  
"Although some of the high efficiency  
is found in our cavalry, I do not personally  
approve of either cavalry or  
artillery in the National Guard. What  
we have will be kept, but there will be  
no more. It costs too much. It is im-  
possible to do much with it where the  
horses are not trained. It is as impor-  
tant to have trained horses in the cavalry  
and artillery as trained men."  
"This company is a crack one. It is  
shame that Los Angeles won't build  
them an armory. I want to say to you  
that Los Angeles and San Francisco  
are the only cities of their size in the  
United States that have no armories.  
St. Paul didn't have one for a long time.  
Then they had a strike that cost \$5,000,  
and now they have a magnificent  
armory."

**SEAT; HE'S ARRESTED.**

Vassar Graduate Spins Car at Top  
Notch, Police Chase, and in Cloud  
of Dust Police is Made, Keen  
Companion Shouldering Responsibility  
and Paying the Fine.

In a large touring car going at top  
speed over the boulevard leading into  
South Pasadena, John B. Reynolds,  
an eastern theatrical man, yesterday  
lifted the fair chauffeur from her place  
at the steering wheel and assumed  
charge of the car to prevent the arrest

her from the driving seat and quickly  
caught the steering gear and slowed  
the car down.  
A moment later the officers drew  
alongside and confronted Reynolds.  
"Good Lord, we're pinched," was the  
startling remark of one of the party.  
The pursuers stared at Reynolds.  
The dust from the machine had hid-  
den the transfer of drivers and the  
officers were startled.  
"I thought a woman was driving this  
car," remarked one of them.  
"Me too," said the other.  
Miss Anderson only smiled and Rey-  
nolds, assuming responsibility for the  
infraction of the law, with a grin  
drove the car to the Police Court, paid  
the fine and resumed the interrupted  
trip.

of the young woman on a charge of  
speeding.  
Miss Harriet Anderson of Rochester,  
N. Y., young and pretty, a recent  
graduate of Vassar, was driving the  
car. She has a mania for letting an  
automobile slip into the top notch,  
whenever the road permits. Miss An-  
derson is spending the winter with  
friends near Hollywood.  
Yesterday morning she borrowed the  
big car owned by her friends and came  
to Los Angeles. Here she met a party  
of easterners who are wintering in  
Southern California. John Fullwood,  
a well-known society man and politi-  
cian of Pittsburgh, Miss Lenora Black,  
daughter of Judge Black of Troy, N.  
Y.; Judge H. S. Hennon of Troy, and  
Charles Horton of Cincinnati, O., were  
in the party. Reynolds, also of Pitts-  
burgh, who represents Miss Mary  
Manning, the actress, met the party  
at Westlake Park and they started  
for a little tour of the country. All  
went well until they reached Mission  
Road. The good road proved too great  
a temptation for Miss Anderson and  
she let the machine out until the  
scenery began to fly by.

Just as they reached the Pasadena  
line, two motorcycle officials started  
in pursuit. The fair speeder looked  
back and caught the glimpse of the  
pursuers. She simply put on more speed.  
Reynolds also saw the approach of the  
pursuers. He looked at the determined  
face of the young woman and decided  
that either an accident or an arrest  
would result.

While the car raced onto a stretch  
of uneven road, Reynolds reached  
over and disengaged the hands of the  
driver from the steering wheel. Then  
without heeding her protests, he lifted

her from the driving seat and quickly  
caught the steering gear and slowed  
the car down.  
A moment later the officers drew  
alongside and confronted Reynolds.  
"Good Lord, we're pinched," was the  
startling remark of one of the party.  
The pursuers stared at Reynolds.  
The dust from the machine had hid-  
den the transfer of drivers and the  
officers were startled.  
"I thought a woman was driving this  
car," remarked one of them.  
"Me too," said the other.  
Miss Anderson only smiled and Rey-  
nolds, assuming responsibility for the  
infraction of the law, with a grin  
drove the car to the Police Court, paid  
the fine and resumed the interrupted  
trip.

**Auto-Vivisection**  
Do You Deliberately Torture Yourself  
Alive By Neglecting Your Stomach?  
Remedy Free For the Asking.

A great outcry has arisen during the  
last few years against scientists who  
torture dumb animals alive in the in-  
terests of science. How many people  
are there, however, who needlessly  
torture themselves by causing their  
stomachs to overwork. Dyspepsia, in-  
digestion, heartburn, sleeplessness,  
loss of vim and energy are the inevit-  
able result.

Are you one of these?  
Why not give your stomach a rest?  
Stuart's Dyspepsia Tablets will re-  
lieve your stomach of all its work and  
do it for you. They are compounded  
of the very elements and do the work  
which the stomach performs when in  
normal health, aseptic pepsin, malt  
diastase and like ingredients.

Dr. Richardson in writing a thesis on  
treatment of dyspepsia and indiges-  
tion, closes his remarks by saying:  
"For those suffering from acid dyspep-  
sia, shown by sour, watery risings, or  
for flatulent dyspepsia shown by gas  
on stomach, causing heart trouble and  
difficult breathing, as well as for all  
other forms of stomach trouble, the  
safest treatment is to take one or two  
of Stuart's Dyspepsia Tablets after  
each meal. I advise them because they  
contain no harmful drugs, but are  
composed of valuable digestives,  
which act promptly upon the food  
paten. I never knew a case of indiges-  
tion or even chronic dyspepsia which  
Stuart's Tablets would not reach."

Cheap cathartic medicines claiming  
to cure dyspepsia and indigestion can  
have no effect whatever in actively  
digesting the food, and to call any  
cathartic medicine a cure for indiges-  
tion is a misnomer.  
Every druggist in the United States  
and Canada sells Stuart's Dyspepsia  
Tablets, and they are not only the  
safest and most successful but the  
most scientific of any treatment for  
indigestion and stomach troubles.

Price 50 cents a box at all druggists.

**FLYNN-BARRY FIGHT IS OFF.**  
Big Fellow's Lameness Given as the Reason.  
Mayor Would Have Allowed Battle to Go on.  
Tony Ross May Be Induced to Meet the Fireman.

NEW ORLEANS, Feb. 21.—[Exclusive Dispatch.] Not because the authorities object, but on account of a lameness which has put big Jim Flynn out of the running, the Barry-Flynn fight scheduled for Saturday night, was declared off last night.

The fight fans of the city are greatly disappointed and the promoters of the new club are heartbroken, but Flynn continues training and an effort is being made to get Tony Ross, the Pennsylvania ironworker, to take Barry's place in the squared circle with the Pueblo fireman some time during Carnival week. Ross's reply will be received Tuesday.

Barry's magnificent physique made him a hot favorite over Flynn. On his arrival here from Boston Friday, Barry found that with the training necessary to enable him to fight in this warm climate, his game ankle would disable him so as to prevent his doing himself justice.

The report that Mayor Behrman and the Chief of Police would prevent the ten-round go proved untrue, because the new club's charter is as good as any of the local athletic clubs. The Louisiana law forbids boxing contests except between members of athletic clubs. The new club has been accepted by the same charter as is held by other clubs and although without a gymnasium, it can give star boxing entertainment, under the law, the boxes of course becoming members of the club temporarily.

**WILLING TO COME WEST.**  
[BY DIRECT WIRE TO THE TIMES.] CHICAGO, Feb. 21.—[Exclusive Dispatch.] Although expecting a summons for himself and Packey McFarland to leave at once for San Francisco to meet the winner of the Britt-Nelson ten-round fight to be decided in Los Angeles, March 3, Manager Harry Gilmore will accept an offer for a return engagement between the little Irishman and Freddie Welsh, if the California match is not closed by the first of next week.

**OVERALL SIGNS A NEW CONTRACT.**  
[BY DIRECT WIRE TO THE TIMES.] CHICAGO, Feb. 21.—[Exclusive Dispatch.] Overall, the giant pitcher for the Chicago World's champions, accompanied by three friends, appeared at License Clerk Salmonson's office today and obtained a license to marry Miss Ethelyn Hinson, daughter of Mrs. Margaret E. Hinson. Miss Hinson was never known as a "fan" until she met Overall one night at the home of Mrs. Frank Chance. After that she rarely missed a game.

Overall gave his residence as Vinalia, Cal., and his age as 25. Miss Hinson is 24. The wedding ceremony will be performed Thursday night at the home of Miss Hinson's mother. As sponsor for the romance, Mrs. Chance will act as matron of honor. A number of Cubs will attend the wedding.

LAMER DALBS ON WHITEWASH AND TWELVE STRIKE-OUTS.  
Vicentians Show Poor Hitting Powers and Five Fan in a Row. Also Give Rather Ragged Support. Stanford Team Due Friday for Two Games at Chutes.

St. Vincent's defeated Pasadena High School in a practice game yesterday afternoon, on the college campus by a score of 4 to 0. The game was a rather fast little affair in which neither side was able to hit the ball to any great extent. Lamer, in the box for the Saints, secured twelve strike-outs and allowed four hits. Lockwood for the High School nine allowed the same number of safeties and pitched a steady game, striking out in succession five of the hardest hitters among the Vicentians. His support at times, however, was a trifle ragged and resulted in adding a couple of tallies to the Saints' score.

The collegians scored in their half of the first inning on an error and a hit by Grindle, scoring Gray. In the fifth another was added. Kerfoot led off on Corbin's sacrifice. Two more were annexed in the sixth. A hit, two stolen bases and a fly to deep center allowed Grindle and O'Rourke to complete the circuit.

**WHITE SOX GAMES.**  
LOS ANGELES GETS THIRTEEN.  
The local fans who were disappointed because they did not think they would see enough of the Chicago American League White Sox, can cheer up, for there is good news for them. There will be thirteen played by the Sox. Ever since the schedule of the White Sox was announced, Manager Berry of the Los Angeles team has been negotiating with the powers in San Francisco, in the effort to get more games for this city, because Southern California has the best climate of any city on the line of march. Berry must have put up the right proposition, for he received a telegram last night from San Francisco, which stated that Los Angeles would be given an additional week by the White Sox. The original schedule provided for the opening game on March 4. Then there were games for Saturday and Sunday, March 7 and 8, and for the succeeding Thursday, Friday, Saturday and Sunday, March 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22. The reason Los Angeles gets these games is that several of the smaller places along the line on the return home failed to make good on the guarantee asked for.

**HUNTER AFTER MOORE'S HIDE.**  
To Decide Men's Championship Golf Honors Today.  
Young Pasadena Looks the Best from the "Dope."

The contest for the Southern California golf championship was narrowed today to Paul Hunter of the Pasadena club and Nat F. Moore of the Santa Barbara club, as the result of yesterday's games on the links of the Los Angeles Country Club. Paul Hunter, the 18-year-old golf wizard, defeated Robert E. Hunter of Annandale, 6 up and 1 to play, and Moore beat N. F. Wilshire of Los Angeles, 2 up.

Young Hunter had no difficulty in defeating his opponent, but the game between Wilshire and Moore resulted in an extremely close match, which was not decided until the last hole was reached. On the fifteenth hole, with three to go, Wilshire was three down. He won the next two, but lost the eighteenth, giving Moore the match. Paul Hunter and Moore, who meet for the Southern California championship today at 36 holes are both young players, well known in eastern golf circles. They are spending the winter in Southern California, where they can pursue their favorite pastime without interruption by blizzards. Hunter astonished the veteran golfers who watched him yesterday, by the rapidity of his play. He does not maneuver for time when making a difficult shot, but goes right ahead with the shot as if it were a very easy one. But for all his nonchalance, he is one of the best players who has ever gone over the local course.

His score over the eighteen holes yesterday was 74, or two under bogey, and the lowest score ever made in competition on the course. On the first nine holes, or "going out," he scored 35. Returning he had had luck, and made 39. At the twelfth hole, known as the "punch bowl," and the most difficult on the links, he would have made a three but for the fact that his ball fell into a pocket in the side of the embankment which surrounds the putting green. Robert Hunter made a score of 39 over the course.

**POOR RACING CARD.**  
Many Nags Wake up at Arcadia and Perform Like Live Ones—Two Favorites in Front.  
Those sports who have an idea that some one at the track had not yet woken up when certain horses are out to win should glance at the card that was run off yesterday at Arcadia. Turnaway, that won the first race at 7 to 1, was 150 to 1 in the betting in her previous race, and ran absolutely last in a field of six or seven. Ollie Ward, winner of the second race, at odds of 5 to 2, was 100 to 1 in her previous start, and was beaten seven lengths. In the fifth race, Ben Vivant, the 6-to-1 winner, was 40 to 1 in his last start, and finished fifth, at one mile, and yesterday led by four and five lengths all the way, at a longer distance.

The program yesterday was a very cheap affair, and all the events were made up of ordinary dogs, except the fourth, which was a high-weight handicap. **RACING AT OAKLAND.**  
MILLIN FINALLY WINS ONE.  
[BY THE ASSOCIATED PRESS—F.M.] SAN FRANCISCO, Feb. 22.—When Carrie Thatcher won the baby race to-day Johnny Millin scored his first winning brackets at Emeryville this season. She was away flying, and Kirschbaum took no chances, winning all the way without any trouble. The third race proved to be an unsatisfactory affair, as the favorite was as good as left, and Jockey McLean did not go on after his field. The judges had McLean in the stand after the race. Boleman was away flying, and spread-eagled his field. The Merced Handicap was won by Fantastic, driven hard. Buell looked a winner, but hung back. Results:  
First race, selling, six furlongs: Col. Jewell, 103 (Kirschbaum), 4 to 1; Talard, 105 (Stuart), 8 to 1; second: Adrienne Lecouvreur, 119 (Sandy), 8 to 1; third: Belle Kinney, 107 (Mentry), 7 to 1; fourth: Belle Kinney, 107 (Mentry), 7 to 1; fifth: Belle Kinney, 107 (Mentry), 7 to 1; sixth: Belle Kinney, 107 (Mentry), 7 to 1.

**SAINT PATRICK DAY RACES.**  
Secretary Stewart of the Los Angeles Driving Club announced that the club will not have a harness horse matinee next Saturday, as had been intended. The idea is to have a big matinee on March 17 and there will be six races, the feature to be a trot, with Bon Voyage, Danube, Glory and possibly Regalo in as stakes. All of these have stepped a mile in less than 2:15. There will be a number of new horses entered.

**Will Protect Racers.**  
ALBANY (N. Y.) Feb. 22.—The State Racing Commission, in its annual report, handed to the Legislature yesterday, opposes any change in the racing law, as proposed by Gov. Hughes in his annual message. Speaking of the proposed Agnew-Hart bills, the report says: "In our opinion the enactment of the present proposed amendments would do serious damage to racing and would probably terminate it in a short time."

**Tip Ordinance Also Ran.**  
Mayor Harper sat down on the anti-tip ordinance yesterday and today will send it back to the City Council with his veto. The new amended ordinance

## THE CITY IN BRIEF

## Ancient Hieroglyphics.

## NEWS AND BUSINESS.

## Money for Bethlehem.

The Times yesterday received \$3 for the work of Bethlehem Institution. It was delivered to the superintendent.

## Takes "Tidings."

James Nolan, formerly of the Buffalo Commercial, arrived in Los Angeles yesterday to take charge of the Tidings, the official Catholic organ of the diocese.

## South Dakota Next.

The South Dakota picnic and annual reunion, postponed on account of rain, will be held in Eastlake Park next Saturday. Basket lunch will be served at 12 o'clock.

## After the Brower.

"The Mistake of Brower Busch" will be the subject of an address by Rev. J. J. Hall in the first Church of the Nazarene, Sixth and Wall streets, on Thursday night.

## Byria and Holy Land.

C. C. Gilman delivered an illustrated lecture last night at Temple Baptist Church on "Byria and the Holy Land," where he spent a number of years in missionary work. Jackson S. Gregg sang "The Holy City," with stereoscopic views.

## Die Before Hatching.

The Poultry Breeders' Association of Southern California will hold an open meeting in the Chamber of Commerce tomorrow evening to which all those interested in poultry are invited to hear J. H. Scofield of Gardena, tell why it is that chicks die in the egg a few days before they are due to be hatched in incubators.

## Heavy Suit Against Rape.

As administrator of the estate of Albert E. Taylor, A. L. Taylor filed suit against the Southern Pacific Company, in the United States Circuit Court yesterday, to recover \$50,000 damages for the death of young Taylor at Pomona, May 8, 1927. It is alleged that the deceased was riding a bicycle over the crossing and that an engine came along without warning, hurling the young man from his wheel and causing instant death.

## Injured in Avoiding Auto.

Mrs. T. J. Shea of No. 422 West Forty-eighth street was painfully injured yesterday at Fourth and Main streets, when, in trying to avoid being run down by an automobile, she slipped on the wet paving and fell heavily to the ground. Her right hip was bruised. She was taken to the Van Nuys Hotel by Patrolmen Sanders and Spellman, and later sent home in a carriage.

## Large Suit Non-Suited.

A \$25,000 damage suit against the Salt Lake Railroad, brought by the heirs of John Thomas of Pomona, was non-suited in the United States Circuit Court yesterday. The attorneys for the railroad set up a claim of contributory negligence and Judge Wellborn sustained their contention. Thomas, who lived in Pomona, was on a train that was wrecked inside the city limits in March, 1927. According to the evidence the deceased was standing on the platform at the time of the accident.

## Says She Is Willing.

Chief Kern has received a letter from a woman who announces her willingness to link her fortunes with Harry Johnson of Las Vegas, N. M., the man who wrote and asked the chief to assist him in his quest for a bride. The woman, who prefers to cloak her true identity under the name of Margaret E. Keith, which she says is a nom d'plume, announces that she is quite willing to be Mrs. Johnson, provided the seeker after home life is not a drinking man. She states in her letter that she belongs to the normal class of the First Methodist Church.

## BREVITIES.

Sunday Real Estate Liners. Classified real estate advertisements for insertion in the SUNDAY TIMES must be in the office not later than 10:30 o'clock Saturday night. Other "want" advertisements for Sunday insertion taken over the counter until 11:30 p.m. The great volume of liners printed in the Sunday Times, numbering regularly over 500 separate announcements, makes this regulation absolutely necessary in order to get the big Sunday issue out on time.

who may now get a medal from Congress for having saved seventeen lives nearly half a century ago.

Bishop Charles H. Fowler also is to get a medal for heroic conduct in saving life on the same occasion, while Bishop Hartzell's medal will mark heroism at the wreck of the schooner Storm, in 1864, four years after the loss of the Lady Elgin. Spencer and the two bishops were students at the Garrett Biblical Institute at Evanston, Ill., which is a part of the Northwestern University, then famous Methodist training establishment.

The wreck of the Lady Elgin occurred on September 8, 1860. The steamer was run into by a sailing vessel and of the 400 people aboard all but about ninety-three were drowned. The accident happened at 2 o'clock in the morning. The reason so many people were aboard was that the boat had been chartered by millmen of Milwaukee, Wis., who had gone to Chicago to purchase arms. The Civil War was just about commencing and the Governor of Wisconsin had taken the arms away from what he thought was a disloyal company of militia. The soldiers went on a Sunday excursion and went to Chicago to raise the money to buy more weapons.

RUN DOWN IN STORM.

They left Chicago to return home in a storm and when twenty miles north of the city, near the shore off the bluff at Winnetka, the Lady Elgin was run down by the sailing vessel. The storm raging at the time added to the horror of the situation.

The next morning bodies began to come ashore and by 10 or 11 o'clock thousands of people from Chicago and roundabout were watching on the bank of the lake for people to come ashore. Spencer was attending school at the Garrett Biblical Institute and the wreck occurred a few miles away. In recounting his experiences he said: "The idea immediately came to me that there might be some people alive out there in the boiling lake. I ought to mention that we were on a cliff or bluff about fifteen or twenty feet high, rather heavily timbered. On coming to a place where we could see the water through a lane in the trees I thought I saw somebody alive out in the lake. The wind was roaring and the waves were breaking heavily on the shore and there seemed little chance of saving anybody.

CONSTANTLY IN DANGER.

"But I made up my mind to try. Two college mates, both over six feet in height, one of whom Rev. Mr. Harrington is now presiding elder in the region Methodist Conference, and the other a man named Chaddon from Indiana, were with me. We saw a woman struggling in the water and we rescued her.

"That made me alert. I proceeded along the shore and some distance further down saw a man on a raft. I swam out and a heavy piece of timber hit me on the nose. Many times that

day I came close to being killed by large pieces of wreckage which were pounded about by the waves with tremendous force. I brought the man on the raft in safely but after that I did not go out in the water without a rope round my body, and a friend holding the rope, ready to pull me in if I was struck.

"Then we got to where a number of the shipwrecked were near the shore. Numbers of them perished right before our eyes, although great efforts were made to save them. The most thrilling thing I did was when the pilot came in. I had a great struggle to save him and his wife. I was standing by a fire warming myself. The water of the lake was icy cold, and I had been in it several times. Dr. Banister was standing by me, ready to hold the rope the next time I went into the lake. The bank was lined with people, and they called out that there was a man out in the water, apparently trying to help somebody else.

INSPIRING ACT.

"That was the most inspiring thing I saw that day—the pilot trying to save his wife's life. I am glad to say that power was given me to enable him to do so. The woman was perfectly helpless, but he was battling mightily for her in that terrible storm. We got them both ashore.

"I was presented with a watch by the citizens of Evanston in recognition of my part in the rescue work. I had it stolen from me twenty years ago. At that time Congress did not give any medals, but now that it is doing so, friends in Illinois are, under the auspices of the Evanston Historical Society, getting me this memento.

"My health suffered somewhat from my exertions and I carried bruises for many days. I came to Los Angeles in May 2, 1861, in order to get away from the blizzards of the East. I started the cornice works here and supplied marble and tiles for the City Hall.

Special Will Leave for Valley Tomorrow Night and There'll Be no Dallying.

"The Imperial Valley Special," with 120 local boosters and investigators, will leave Arcade station tomorrow night at 8:30 o'clock. Although the trip is under the auspices of the Chamber of Commerce, the party is not confined to members. Secretary Higgins has been appointed "chaperone" by the popular vote. N. R. Martin, district passenger agent of the Southern Pacific, will have personal charge of the train of ten cars—six standard Pullmans, two diners, a parlor-smoking coach and a baggage car.

THE LAST LEAF.

LIVED NEARLY CENTURY HERE.

DEATH TAKES SENORA ROMERO, OF NOTED FAMILY.

Born in Los Angeles Ninety-nine Years Ago and Once Owned Lands Now Worth Many Millions—Probably Last Link Closely Binding These Days With Early Times.

One of the last links which bind the new California to the old was broken yesterday afternoon by the death of Senora Reynunda Felis de Romero. She was one of the last, if not actually the last, of the old Spanish aristocrats, who, in the early years of the last century, held court in the new world, surrounded by their retainers and vassals and maintaining the state which they knew in the old homes in Spain.

Senora Romero was born in Los Angeles in 1808. Her father was the late Juan Felis, owner of Los Felis Rancho, a part of which is now Griffith Park, where her mother was Maria Ignacia Verdugo de Felis, owner of the Verdugo Rancho and one of the wealthiest of the Spanish land owners.

The old Felis homestead, where Senora Romero was born, was on Aliso street near what is now the Lyceum. The property embraced more than twenty-five acres and the establishment was one of the most lordly of the pueblo. The buildings were all of adobe, the main house being a rambling affair with patio and wide veranda. Surrounding it were the houses of the Indian retainers and at one time the establishment was the largest in the district.

Fifty years ago Senora Romero was rated the wealthiest woman in the southern part of the State, and her home was the center of cultured and aristocratic society. Within its portals were entertained the Franciscan padres when they visited the town on their rounds, and the lady of the manor was one of the most devoted daughters of the church.

Juan Felis died without other issue than his widow, passing away when she left all her property to her daughter, Senora Romero. This property included a large part of the Verdugo Rancho, all of Los Felis Rancho and much property in the heart of Los Angeles. The land, at the present day, is worth millions of dollars.

Senora Romero was the lady bountiful of the pueblo, and day after day used to make the rounds of the neighborhood, distributing alms and religious and delicacies and spreading cheerfulness as she went.

Her mode of travel in the old days was by ox cart, and her two oxen, dragging their heavy two-wheeled vehicle, were common sights on the streets. She knew every family by name and the least rumor of misfortune coming to any of them was sure to result in a visit from her.

Throughout her long life, Senora Romero was a member of the Plaza Church. Her donations to it were large, and for years she was its chief support. At the time of her death she was the oldest member of the congregation and, it is said, the only one who remembered it in the days of the padres.

Senora Romero lived on the Aliso street place until a few years ago, when advancing years demanded special care for her. She then moved to the home of her daughter, Mrs. Louise Dominy de Sepulveda, at No. 307 Ogden street.

Though the Verdugo and Los Felis ranches passed out of the possession of Senora Romero more than forty years ago, she was by no means poor at the time of her death, and her estate includes considerable real estate. Part of it is a lot on Aliso street, the actual site of her old home. Out of sentiment, she retained that property, though disposing of the surrounding land.

Married twice, her first husband was Juan Domingo, by whom she had three children, Louisa Dominga de Sepulveda, Juan Domingo and Antonio Domingo. Her second husband was Jose Maria Romero, whom she married in 1868. The couple had one daughter, who died in childhood. Senora Romero died twenty-five years ago.

In spite of her great age, Senora Romero retained her keen intellect to the last. She clearly remembered the happenings of the early years, and used to delight in relating to her great-grandchildren stories of the olden days when she was mistress of thousands of acres and the actual ruler of many hundreds of people.

Old age was the cause of her death. Only three days before the end she was able to walk, and she suffered no illness, and the end was caused by a gradual failing of strength. Strong in her faith, she welcomed her end when it came.

Funeral arrangements have not yet been completed. The services will be held, however, at the old Plaza Church.

ORDER'S WORK DESCRIBED.

Guest of Honor from San Francisco and Many Others Speak at Knights of Columbus Meeting.

State Deputy Grand Knight Theodore J. Savage of San Francisco was the guest of honor and principal speaker at the Knights of Columbus meeting in their club rooms last evening. He called particular attention to the work which the order has in view.

Charles Donlon, Past State Deputy, and John P. Burk, District State Deputy, spoke on the value of the order, and John G. Mott made a few interesting remarks on Washington, referring to the manner in which his birthdate was formerly celebrated in this city, and to the laxity in this regard which has been so apparent in the last two or three years. Joseph Scott made a short address on "Idealism in Life." The welcome to Deputy Savage was extended by Grand Knight Paul J. McCormick, who presided at the meeting. Charles A. King presented the various speakers of the evening.

Ex-Senator Savage, Rev. Father Francis J. Conaty, Rev. D. W. J. Murphy, Rev. William Palmer, Rev. R. G. Cotter, D.D., and several others spoke briefly. A pleasant feature of the evening was the presentation of a gold emblem to Walter Goldsmith for services rendered the Oxnard Council.

## PUBLIC SERVICE OFFICIAL DOINGS.

## SUMMARY OF THE DAY.

Non-Partisan members of the Council proposed last night that the rates for Home telephones be raised, and those for the Pacific lowered, so that charges will be the same for both companies.

Gen. Chaffee and Mayor Harper will leave this morning for a trip of inspection along the line of the Los Angeles aqueduct.

The German-American Savings Bank subscribed yesterday for \$100,000 of the second issue of aqueduct bonds.

Justice Summerfield yesterday put Mrs. Rose Daoune, Mrs. Amanda Daoune, and Mrs. Sadie Townsend of Watts under \$75 bonds each, pending their trial on charges of disturbing the peace, made by Mrs. L. Silke.

A jury was selected yesterday in Judge Courcy's court and the trial of D. J. Lewis, accused of illegal registration at Ocean Park, began.

Judge Smith yesterday sentenced M. J. Glassberg to five years at San Quentin for forgery.

Judge Crow, sitting for Judge Hutton, yesterday granted a non-suit in the action brought by stockholders H. K. Miller and H. G. Baker to have a receiver appointed for the Crystal Lake Power and Irrigation Company.

Dr. J. Byron Sloan, charged with swindling Michaela, in a mining deal, was arraigned in the Police Court, yesterday, and remanded to jail in default of \$5000 bail. Habeas-corpus proceedings in his behalf will be instituted in the Superior Court on Monday.

## AT THE CITY HALL.

## MAY READJUST PHONE RATES.

## TO RAISE HOME AND LOWER PACIFIC PROPOSED.

Republicans in Council Ready to Vote for the Rates Now in Force—Company Officials Testify They Are Losing More Than Hundred Thousand Yearly.

Attorneys representing the telephone companies took turns yesterday in marshaling their witnesses to give testimony purporting to show that both telephone systems are operated here at a net loss to the companies of \$5 per phone. Each company places its deficit at not less than \$150,000, as a result of last year's operations in Los Angeles.

When the testimony was all in the Republicans were ready to instruct the Council to present ordinances fixing the rates the same as last year; but the Non-Partisans were not satisfied. They spoke of "equalizing rates," and it soon developed that the \$5,000 per phone using the Home system shall pay higher rates this year than last. In order that the 30,000 users of the Sunnet may pay less.

Wallace outlined the policy by saying that at present subscribers in the residence districts are paying \$3 for unlimited service on the Pacific and \$2 for the same service on the Home; also, that in the business district subscribers are paying \$8 for Pacific phones and \$6 for the Home. Wallace favors a change that will make both systems pay the same rates, but at a higher rate this year than last.

Tonkin replied by calling the attention of the Non-Partisans to the fact that the Pacific Company has 15,000 subscribers here who pay but \$1.50 a month for their phones; these are the party lines. There are no party lines on the Home circuit.

The Non-Partisans will vote for an increase in the Home rates, provided they can, at the same time, vote for a reduction in the rates of the Pacific company.

Commenting on what he terms the unequal classification, Wallace said that the Home company pays to the city \$50,000 a year in money and service, and the Pacific company pays \$25,000 a year. He said it is manifest injustice for the Council to make a rate for the Pacific company higher than that of the Home.

He replied to this by saying that the Council took the rates of the Home company just as they found them, that the price the Home company is charging now is the price it was charging when rate regulation began.

"I would have a nice time explaining to my people how I came to fix higher rates for the telephone companies than they fixed for themselves," said Healy. "I think they are good judges of how cheap they can give service. If you raise the phone rates you are likely to find you raised something hotter than a live wire."

Finally the Council voted to take the question of rate regulation under advisement until next Monday.

During the forenoon Engineer Burnett took the stand for the Home company and testified that his company has invested about \$500,000 in cash in Los Angeles plant.

Auditor Sherwin of the Pacific company testified that this corporation and its predecessor have invested here \$5,000,000 in Los Angeles. The officials of both companies asked that the Council appoint a commission to investigate rates.

Attorney Pillsbury of San Francisco took charge of the case for the Pacific company. He said that his company does not desire to appeal from the Council to the courts on a question of rates. If the Council will make a rate that will permit the company to barely get through the year even, he says there will be no court proceedings.

## AQUEDUCT BONDS SOLD.

HUNDRED THOUSAND PURCHASE. The German-American Savings Bank subscribed yesterday for \$100,000 of the second issue of the Los Angeles Aqueduct bonds. The money received will be used to employ laborers to work on the aqueduct.

This is the first large subscription received by a number of smaller ones have been recorded. Four other local banks have pledged to take blocks of the aqueduct securities and the treasurer considers that these pledges will mature into subscriptions for at least \$250,000 of the bonds.

The second issue comprises 510 bonds for \$1000 each. All the money received from this issue will be applied direct to the labor account on the aqueduct.

The first issue of \$510,000 was expended in the purchase of machinery.

CHARTER REVISION. COUNCIL FORMING DISCUSS. The charter revision commission discussed one proposition last night, that of the manner of electing members of the City Council. Three plans were presented—election at large, election by wards, and a combination of the two.

Measures, Mead and Lissner favored the combination plan of electing one member from each ward and six at large, giving a Council of fifteen, but seeing defeat ahead, they voted with the majority when it was decided to incorporate in their report the plan of electing all members at large. Mead then moved that the alternative proposition be submitted, be their combination plan. Call moved to amend by making election solely by wards, the alternative proposition. The latter was carried. Mead changing his vote before the result was announced, in order that he might be in position to move a reconsideration, this will be taken up at the next meeting.

The resignation of E. B. Tutts was accepted as a member of the commission, as he thought it necessary to make a trip to Honolulu, and the vacancy will be filled by the Merchants' and Manufacturers' Association before the next meeting.

## TO INSPECT ROUTE.

## TRIP TO OWENS VALLEY.

Gen. Chaffee, Mayor Harper and Chief Engineer Mulholland of the aqueduct department will leave the city this morning for an automobile trip along the line of the Los Angeles aqueduct.

Today they will visit the tunnel at Elizabeth Lake; they will accompany as far as Mojave by the County Highway Commission. Mayor Harper received a fifteen days' leave of absence yesterday from the County but he says he expects to make the trip within nine days.

Gen. Chaffee is taking the trip in order that he may acquaint himself with the actual work going on along the aqueduct. As chairman of the aqueduct commission he desires to familiarize himself with the field work, as well as the office detail.

Commissioner J. H. Norton of the Water Board is also a member of the party. Mr. Norton is expected to take a part in the letting of contracts for construction work. His experience as a government contractor makes him a valuable man to the commission for this part of the work. It is probable that most of the ditch work along the aqueduct will be let to private contractors.

One object of the present visit is to inspect the lands where the Silver Lake Power and Irrigation Company claims to hold water rights for which they ask \$50,000.

## AT THE COURTHOUSE.

## RECALLS DAY OF AMAZONS.

## FEUD OF WATTS WOMEN LIVING IN "FIGHTING ROW."

Three Defendants Sob When Bail Is Fixed—Plaintiff Charges Threats to Kill—Battle of Many Words and Few Blows Recorded—Tale of Mud and Epithets.

"If you will only put Mrs. Silke in the same cell with us, Judge, we will agree to serve six months in jail, and at the end of the time you won't find anything left of her," exclaimed three sobbing women from Watts in Justice Summerfield's court, yesterday afternoon. They were arraigned on charges of disturbing the peace, preferred by Mrs. Lota Silke.

Mrs. Rose Daoune, Mrs. Amanda Daoune, and Mrs. Sadie Townsend, have for over a year been at swords points with Mrs. Silke. The feud has earned for the street on which they all live the nickname of "Fighting Row."

At intervals their male relatives have been involved in the feud, which has been aired in court periodically.

The plaintiff, who is said to be the daughter of a former Governor of an eastern State, charges the defendants with pelting her with mud and giving voice to offensive epithets. The "sold three" charge that Mrs. Silke is a "bitch" and that she engages them by walking close to them on the street and calling them vile names in a tone so low that nobody but themselves can hear the words.

A battle of many words and a few blows took place last week and Mrs. Silke had her three foes arrested, charging threats to kill.

The defendants were first arraigned on charges of disturbing the peace, and later brought to this city.

They refused to pay their car fare and Deputy Constable M. Miklauskas paid the bill at the county's expense. When Justice Summerfield fixed their bail at \$75 each, the three women wept loudly. They were allowed to return to Watts to secure bondsmen.

## GETS FIVE YEARS.

## YOUNG MAN WITH BAD RECORD.

Five years in San Quentin was the sentence imposed by Judge Smith yesterday on M. J. Glassberg, 21, a young man, who pleaded guilty to the forgery of Mrs. Isabel Lorimer's name on a \$50 check, drawn on the United States National Bank of Denver. He secured the letter containing the check at the Hotel Malrose, where he was staying, and, after signing the paper, used the money to pay his hotel bill.

He applied for parole, but the police investigation showed that after coming here from New York, he had stolen \$500 worth of furs from his brother-in-law, David Bonoff of No. 218 Broadway, for whom he was working.

Glassberg told the court that he forged the check to get money to reach his sick father in New York. The police say this statement was false.

## "RELIGIOUS, BUT IMMORAL."

## MAN'S DESCRIPTION OF WIFE.

That John E. Saul condoned his wife's unfaithful conduct with his employer, William Herrin, and that the three formed a happy family long after her confession, in 1905, was Mrs. Emma Saul's statement to Judge Hutton yesterday. She was testifying in her husband's suit for divorce on statutory grounds, with a cross-complaint on grounds of cruelty.

Saul, whose butcher shop is located near Annot Park, is worth about \$15,000. His wife, who is 40 years of age, is a native of Hungary and was married in 1896 and Mrs. Saul charges that her disloyalty to her husband was the result of his brutality and cruelty to her. The butcher says that his wife was always very religious, but that this did not interfere with her immorality. She was always reading the Bible, he said, "and she was always going to one church or another, but that did not keep her from being unfaithful to me."

The trial will be continued this morning.

## TRIPLETS AND TWINS.

## MOTHER SING THE RAILWAY.

Mrs. Violet Wilson, who enjoys the unusual distinction of twice having given birth to triplets and once to twins, told a jury in the Superior Court yesterday the details of the accident which led to her \$15,000 damage suit.

against the Los Angeles Railway Company, and her husband's separate suit for \$5000 damages.

Mrs. Wilson testified that while she was riding on a car on June 23, near West Pico and South Flower streets, there was a collision and she was thrown to the ground, sustaining injuries that resulted in the death of an unborn child, and that will affect her life.

The railway company made its contest on the amount of damages demanded. The case will be argued this morning.

## PRESIDENT SUSTAINED.

## STOCKHOLDERS LOSE SUIT.

Holding that its articles of incorporation do not permit the Crystal Lake Irrigation and Power Company to conduct a camping resort on its thirty-acre government concession in the San Gabriel forest reserve, Judge Crow of Santa Barbara, sitting for Judge Sutton, yesterday granted a non-suit in H. K. Miller and H. G. Baker's action against the company to secure an accounting of all profits and the appointment of a receiver.

The plaintiffs stated that they are stockholders in the corporation, that its president refused to account for profits derived from the camp, and that he had defrauded the stockholders, President Deane, who was charged, and said that the camping business was outside the proper scope of the corporation, and that it had been conducted for the private enterprise, after an understanding among the stockholders to this effect.

## JURY BOX FILLED.

## OCEAN PARK TRIAL BEGUN.

The selection of a jury to try D. J. Lewis, proprietor of the Davy Crockett saloon, and brother of former City Assessor Evan Lewis, on a charge of illegal registration at Ocean Park, was completed yesterday afternoon in Judge Courcy's court. B. Baruch, D. Johnston, T. L. Gooch, E. A. Maas, D. M. Sutherland, Frank White, all of whom served on the Bennett Childs's jury, and J. R. Martin, M. J. Brown and W. I. Stevens are the members of the body.

Superior Clerk A. M. McPherson, County Surveyor E. Noble, and Deputy County Clerk R. L. Brown testified as to the formation of the Ocean Park election precinct, and the enrollment on the precinct list. Presenting evidence will be continued this morning.

The prosecution claims that Lewis has resided for more than a year at No. 560 San Julian street; that he, Childs, and J. F. Thompson registered at the Hotel Decatur, Ocean Park, and that Childs was the only one who occupied the room for a night.

## BISHOP'S CUP CHOCOLATE

Have a Cup today—and you'll want it every day. So good to drink, so easy to make—in a minute, with boiling water. All grocers. BISHOP & COMPANY.

DEPARTMENT STORE CASE. Judge Wilbur yesterday set April 8 as the date for the trial of E. R. Farnsworth, charged with stealing \$1000 from the Bullock department store in December.

DOG FIGHT RECALLED. Walter Thomas, an alleged participant in a dog fight in Bayview, who was arrested on San Diego, yesterday gave \$100 bail in Justice Pierce's court, pending his trial by jury on March 17.

S.P.C.A. MUST PAY. Justice Stephens yesterday awarded James Lee \$250 as damages to the Society for the Prevention of Cruelty to Animals for killing his sick mink.

COURT HELD THAT AGENTS OF THE SOCIETY acted in good faith in putting the animal to death, but exceeded their authority in disregarding proper legal proceedings.

POPULAR PRISONER. Sheriff Hammel yesterday received a telegram from Durango, Colo., that extradition of Ray, who was arrested at San Diego, was pending trial in the County Jail on a charge of rape. He is wanted in Colorado on a felony charge.

THE INFERIOR COURTS. DOCTOR FIGHTS EXTRADITION.

MICHIGAN PROMOTER IS ARRAIGNED IN POLICE COURT.

Charged With Swindling in Mining Deal—In Default of Bail Remanded to City Jail—Detective Locked Up.

Harvelling Men Steal—Daughter of Revolution Under Arrest.

Dr. J. Byron Sloan, charged with obtaining money under false pretenses and an attorney from a fugitive warrant and a woman from a fugitive warrant, was arraigned yesterday in the Police Court, yesterday afternoon. In default of bail he was remanded to the City Jail to await his trial. A \$5000 bond is demanded.

Monday morning he will be taken to the superior court, where habeas-corpus proceedings will be instituted by Attorney Schenck in his behalf.

Yesterday the doctor showed the effect of his long incarceration in jail. His appearance was unkempt and he had lost the debonair manner that characterized him immediately after his arrest. A number of his friends were in court to cheer him.

Capt. McDonald of the Detroit police and an attorney from that city arrived yesterday to take the prisoner to Michigan. The charges against him are that he swindled some men in a mining deal several years ago. He is being held in the City Jail on a charge of kidnapping and the date of the indictment, his attorneys hope to prevent extradition.

Detective Behind Bars.

Eugene F. Walton, of No. 1311 El Molino street, who, until a week ago was general manager of the Southern Detective Agency and the Walton-Boacha Detective Bureau, was arraigned before Judge Austin, yesterday, on the charge of issuing worthless checks. His examination was set for February 28, and in default of bail he was locked up.

Walton rented a fine suite of rooms in the Merchants' Trust building and the police allege that he secured parties to his worthless checks by having himself listed in the Yellow Pages of the city directory as a member of the Hardware Company and to a number of employees, it is charged.

The defendant stated yesterday that he had been made a scape goat to protect others.

D.A.R. and Socialist.

Mrs. Amelia J. Corcoran, of No. 139 South Figueroa street, a daughter of a revolution, was arraigned in the Police Court, yesterday, on a charge of violating a city ordinance prohibiting speaking on street corners.

She is over 60 years old. She told the justice that her forefathers had been in the revolution and that she was not less brave than they.

Mrs. Corcoran entered a demurrer to the charge against her. She will be examined on March 3, and was released on bail.

Starving, Steel Food.

Alex Mitchell and John Smith, laborers, were arraigned before Justice Austin yesterday on charges of having stolen a loaf of bread and a pitcher of milk from a store.

They arrived in this city some time ago in search of work, but did not find it. They lived on the small amount of food they had with them, and the soup kitchen, and slept in the river bed at night.

Yesterday morning, when they had been nothing to eat for three days, they happened to see, in passing a house, the bread and milk.

The justice released them.

Young Man Escapes Trial.

City Prosecutor Ford yesterday refused to send Joseph Pepe of No. 244 East Twenty-eighth street to court on a charge of carrying a concealed weapon.

The young man had been suspected of having a revolver in his possession and a story that effect that he had threatened his father's life was current. The father denied this.

Union Label Controversy.

D. and F. Solomon, tailors at No. 204 North Spring street, were arraigned in the Police Court yesterday, on charges of forging the union label. It is alleged that in order to get the patronage of some laboring men, they cut the union labels off of cheap garments made in the East and sewed them on suits made in their own shop.

Buggy and Lot Case.

D. A. Zerli, charged with having obtained property under false pretenses, was arraigned in the Police Court yesterday. It is alleged that he purchased a buggy from a local firm, on the installment plan, traded it for an equity in a lot. He then told the vehicle firm that the buggy had been wrecked in a runaway.

STARTS DIVORCE ACTION.

Husband of Young Woman Now in County Hospital Will Seek Release Through Courts.

Steps looking toward an action for divorce were started yesterday by Roy S. Cleveland against Gertrude Cleveland, the young woman who was picked up drunk on the streets day before yesterday.

Two ounces Rose Water; one ounce Cologne Spirit; four ounces crystallized Sartin (skin food). Put the Sartin into a pint of hot water (not boiling) and when dissolved and cooled add the Rose Water and Cologne Spirit

MINES AND MINING.  
**UNITED VERDE SHOWS HAND.**  
First Public Report Exhibits Large Profits.  
None District Promises Big Gold Output.  
New Company Acquires Mines in Arizona.

Owing to lawsuits brought against the company by George A. Treadwell, the United Verde company has recently been forced to publish a report upon its condition—the first that has ever been generally before the public since the mines fell into the hands of ex-territory W. A. Clarke of Montana. The balance sheet makes interesting reading and contains proof of the generally accepted estimate of the value of the property. It is controlled, practically in its entirety, by Clark, though a small interest is held by J. A. McDonald, who was interested in the property before it was acquired by Clark and when it was worked as a gold mine. McDonald held on during the transition and is now in charge of the company's affairs in New York. George A. Treadwell is also a stockholder in a small way and it was through this fact that he has been able to bother Clark sufficiently to make him show his hand. The Treadwell stock is now deposited as collateral with Phelps, Dodge & Co. and may eventually fall into their hands.

For the twelve months ending December 31, 1907, the mines show gross earnings of \$4,571,918, operating expenses of \$2,679,072 and net profits of \$1,892,846—an average of \$430 for every day in the year. The copper production was 1,042,339 pounds, while silver recovery amounted to 12,325 ounces and gold 1,739 ounces. The company's cost per pound of copper last year was 10.54 cents, against 8.9 cents in 1906. The mining costs alone were very high and were equal to 2.23 per pound; costs per pound for smelting were 3.33 cents. The mines are now operating at about 8 per cent. of normal. It is explained that the high cost of mining is due to the necessity for heavy timbering.

During the year \$2,854,941 was spent for improvements, construction and expenses at Jerome, while the New York office was maintained at a cost of \$613,111. In addition to mine profits the company made \$274,823 from income on investments, \$107,938 profits on sale of investments and \$15,386 from other sources. This brings the total net earnings of the company for the year to \$1,477,447. The balance sheet shows a surplus of \$5,131,908, an increase of \$1,012,121 over the previous year. The company's investments are in New York City bonds, Pennsylvania notes and Rock Island bonds. The capital of the company is \$5,000,000, in 200,000 shares of a par value of \$10. Last year net earnings were equal to \$11.59 per share. Recent dividends have been 75 cents monthly.

**Good Times in Nome.**  
Dr. H. C. Wilkinson, a well-known operator from Nome, is among northern visitors who are foresting the rigors of the North under southern skies. He reports that Nome is enjoying one of the most prosperous winters in its history. The present population being about 2500. This number will be increased to between 3000 and 3500 when navigation resumes. During the season some very important new discoveries were made, and the zone of operations is gradually being pushed farther out. The most important strike was made on the Three Star Fraction, owned by a Capt. Johnson, and situated on the tundra three miles back of Nome. From a shaft 150 feet deep material was taken out which produced \$54,000 in a run of twenty-three hours, the cost of production being about 10 per cent. of the amount recovered. Another important strike of the season was made on Irene Creek, one and a half miles from Nome, one mile back from the ocean, and in the vicinity of Port Davis. This caused a general stampede, and is said to have been one of the richest finds in the history of the district. It is believed that next season will prove to be more profitable than any previous one. Operations are larger than ever, and there is every indication that the rate of production will be increased for many years to come.

**New Arizona Company.**  
The London Range Copper Company is the name of a new concern in which Los Angeles is interested, and which will operate property recently acquired in the Banner mining district, Gila county, Arizona, about ninety miles west of Phoenix. The property is that of the London-Arizona company, and consists of twenty-six claims, with an acreage of approximately 500 acres. Running through practically the center of this ground is a large fissure in the tundra, nearly 100 feet in width. The vein filling is monazite porphyry, the characteristic formation of most of the best mines in the district. The company was organized in January, with a capital of \$4,000,000, of which \$1,000,000 is preferred stock, and \$3,000,000 common. The deal has just been closed by Charles E. Finney, president of the London-Arizona Copper Company, who returned from Prescott last week. It is expected that active development work will be commenced within the next sixty days by the sinking of large working shafts on the Wolfenite and Princess claims.

**Eureka-Searchlight.**  
The Eureka-Searchlight Mining and Milling Company is a new concern which was organized last week to acquire the Eagle and Haver properties in the Searchlight district. The property consists of eighteen claims, the Eagle-Searchlight group at Thurman and the Buckeye group, two miles northeast of the Philadelphia-Searchlight mine. The capital of the company is \$1,000,000 in \$1 shares, of which 60,000 shares are reserved for treasury purposes. The officers are John T. Nagle, president; F. O. Hoyer, vice-president; J. D. Ross, treasurer, and G. G. Ross, secretary. These, with J. W. Stark comprise the board of directors. The property is said to show good values and the officers of the company declare that work will be pushed with vigor from now on. The Eagle mine is a well-known mining mine, having come to this country from Butte, where it has been worked for many years in charge of one of the prominent mining companies. It will maintain an office in this city.

**Mine With a History.**  
British and Canadian interests have recently acquired valuable mining interests in the Hostotipaquillo district, Mexico, including the famous Moles mine and all the estate of Romero de Flores, and the exception of the Carreras and Porfira mines. It is said that the price named in the contract is

**MAY GET GUN GANG TO RESCUE HUSBAND.**

**DARING.**  
OFFICERS who left last night for Nevada with "Bob" Brown, the alleged horse thief, fear his pretty young wife intends to raise a gang of gun men and take him away from the deputies when he arrives in the desert. Extraordinary precautions will be taken to land the prisoner safely in jail at Elko, whither he has been extradited.

**Dashing Mrs. Robert Brown.**  
wife of gun man extradited to Nevada, who made flying trip north ahead of train bearing him prisoner, and whose intention is believed to be to organize gang of fighters to attempt his rescue before he's landed in jail.

Although a mere girl, Mrs. Brown has taken part in several border tragedies, and, in her way, is said to be fully as dangerous a character as her husband. Immediately upon the announcement that Brown would be taken to Nevada she left town and is known to be headed for the desert—in a hurry. Deputy Sheriff Harris of Elko, who, with another guard, started last night with Brown, is prepared for a fight. It is hoped, however, that he will get Brown into jail before the girl can get a gang together. For this reason, he was taken away from the County Jail before it originally had been intended. Brown, who has a string of assumed names a foot long, is accused of being the head of a gang engaged in stealing horses from the Bixby ranch near Long Beach.

The officers assert that his operations were extensive. His "jobs" in this country, however, were considered only to be a little relaxation—his real field of operations being Nevada. That State had become temporarily a little too hot to hold him. **PROFESSIONAL "GUN" MAN.**  
Brown is a professional gun fighter. He denies the horse-stealing part of his career, but admits the gun fighting. He was one of the reckless soldiers of fortune engaged by the mine owners during the Goldfield strike to defend the property from the strikers and per- formed several acts of notable heroism. When he was arrested here, he was considered so dangerous that the officers held him up on the street at the point of a gun when they took him into custody.

From the moment of his arrest, his girl wife has made the most strenuous efforts in his behalf. She is slight, black-eyed and not over 25. She has been \$250,000 and that a large cash payment has already been made. The Mojave is one of the famous old mines in the Guadalupe section of the republic and has produced some of the richest silver ever shipped out of the State. The first Spanish owner was Tomas Trevino, who aroused the jealousies of other miners by the enormous profits which he derived from the mine. He was accused before the Holy Inquisition of conspiring with the Devil and subsequently tried, convicted and burned at the stake in Mexico City.

**Movements of Mining Men.**  
Joseph L. Ball, who left for the East early last month, has opened an office for the handling of mining properties in Chicago. It will be run as a branch of the local house. C. H. White, president of the Le Roy Mining Company, of Searchlight, who has been seriously ill at the Maryland Hotel in Pasadena, for the past month, is said to show some improvement in the past few days. At one time his life was despaired of. F. A. Summerfield, interested in leasing at Hart, is a visitor at the Alexandria Hotel, having arrived from the camp on Monday. He reports interest there on the increase and says that there is now little doubt that the camp will fulfill all the highest expectations aroused by the recent rich surface finds. L. C. Dillman, operating extensively in the Copper River, Alaska, has returned to the city after a month's trip to Seattle. He returned south via Goldfield. While in the north he witnessed the first prospecting party of the season for his company and reports that there is already a great exodus to Copper River and Fairbanks. The operations of the Guggenheims have attracted the notice of the copper-mining world and it is generally believed that spring will witness a stampede that will rival any of the previous movements in the north. John Ross, of the firm of Norris & Ross, attorneys of Prescott, Ariz., was a guest in the city last week, returning home a few days ago. He is the attorney for the receiver of the Arizona Consolidated Smelting Company, owning the Humboldt smelter. He reports that the company has recently obtained the retirement of labor liens and that the amount is being paid out as rapidly as the claimants can be found and

Eighteen Thousand Five Hundred Dollars for Hollingsworth Residence—Long List of Sales Reported. Company Begins First of Fifteen Houses in Country Club Tract.

Mrs. W. I. Hollingsworth has sold her handsome home at No. 1115 Lake street to H. Clay Brecken, for a consideration said to be about \$15,500. The sale was made through the agency of the Arthur W. Kinney Co.

The property is considered one of the finest homes in Palm Place. It stands in a lot 55x150 feet, and consists of a two-story, ten-room dwelling, handsomely finished, and set amid flowers, trees and shrubbery. The reception hall is large, and there is a spacious landing half way to the second floor, used as a Japanese tea garden. The living and music rooms are finely finished in rare woods, with art tapestries on the walls, and the dining-room is paneled with leather, and has Tiffany-glass dome. The reception room is to the right of the hall, and is decorated in beautiful blue and white effects, with art-glass lights. The second floor contains five bedrooms, and two bathrooms.

Numerous sales of houses and bungalows are reported through the Kinney Realty Company, which operates in the section about Figueroa and Pico streets. The list is as follows:

Elizabeth Clark to Louise Quint, a five-room bungalow on a lot 50x135 feet, at No. 1300 West Thirty-sixth street, for a consideration of \$4000. Bought for a home.

The two-story, eight-room modern house at No. 1640 West Twenty-fifth street, of lot 60x125 feet, sold to Foster A. Cline by Nichols & Clark for \$6000, cash.

Sarah A. Naismith to Mollie E. Clark, an eight-room cottage at No. 1119 Fordora street, for a consideration of \$5700.

Charles E. Tucker to Edward Strayer, five-room cottage on lot 40x90 feet, at No. 701 Dexter avenue, for \$3000.

Charles Helman to Andrew Jamison, two-story, seven-room residence at No. 4218 South Figueroa street, lot 50x150 feet, well improved with trees and flowers, and a modern home, for \$6000.

Ara H. Squier to Paulina Krokover, the handsome six-room bungalow and lot 50x150 feet, at No. 465 Prescott street, Pasadena, for a consideration of \$3000.

Dickinson & Desendorf have sold for A. H. Fordersmith to Nannie E. Warkent, the property at No. 538 West Forty-first street, consisting of a seven-room, two-story house and a lot 40x125 feet, for a cash consideration of \$4500.

Robert Marsh & Co. have let the contract for a two-story, eleven-room residence, on a lot 60x125 feet, on Highland avenue, just west of Dr. Davila's handsome residence on Westchester Place. The Milwaukee Building Company has the contract. The building will cost about \$7000. This is the first of a group of fifteen new residences which the Marsh company plans building in this section, known as the Country Club tract, adjoining Westchester Place.

The same company also has let the contract for improving Highland Drive, a roadway north of Westchester Place, with asphalt. The street is 1000 feet long and 100 feet wide, with ample sidewalks and parkways.

**PIPE CAUSES EXPLOSION.**  
COVINA, Feb. 25.—A leaky gasoline stove and a lighted pipe started a fire this morning, which for a while, threatened the destruction of the Amon block on East Main street. At the rear of the building is a lean-to of three rooms, occupied by laboring men. Shortly after 9 o'clock this morning one of the occupants entered the room smoking, not being aware that his stove, in his absence, had sprung a leak, filling the apartment with gas. An explosion followed. The fire department succeeded in saving the main building, but the quarters occupied by the men were totally destroyed.
